Picture Day February 28th

February 28th will be picture day. EVERY student will be photographed! We will have individual pictures & class pictures. Return the order form on picture day along with payment. Assorted photo packages are available. Mary Kizina Photography will be the company we are using, our own preschool parent has an excellent business and professional eye for

Children's Literary Favorite Stories

Every childhood memory should include a few great books.

In February we will focus on All-time Classics, Fairy Tales, and some of our classroom favorites.

Registration to begin for returning students and siblings

Returning students and their siblings should register during the month of February. Before open enrollment begins in March. Please complete the registration form along with \$25 registration fee to guarantee your child's enrollment for our fall classes.

Tuition will remain the same, \$80 per month. Open registration will begin in March. Due to the expected number of new applications we will have a lottery at the end of March to determine enrollment acceptance. There will be changes with the snack procedure. *(details to be announced)* Please tell your friends to contact Mrs. Mack for a registration form

Ocean Exploration In January

FEB 20 NO SCHOOL
PRESIDENTS DAY

The children learned all about sea creatures. We started by making a 6 foot long Hammer head shark we hung from the ceiling along with a big jelly fish. We made as-sorted coral for the bulletin board along with a variety of fish. The children used their creative style to make the schools of fish. We measured how big a great white shark is, and counted how many children were needed to be as long as it. We traced footprints and counted how many steps long it was. Our bible lessons included "God made all the sea creatures, God made the water and the land. God wants us to care for the seas and not pollute them"

Family Fun Night March 28th

Join us for an evening of fun activities,
experiments & art
