September was all about making friends, taking turns, making choices and deciding what activities to try. Play-doh, the cars, trucks & garage, the kitchen area and baby dolls are among the top choices for all the children. Circletime songs, stories and question of the day and dance time are enjoyed by everyone.

## September Birthdays

We had a few celebrations in September- Happy Birthday  
Kamryn, Brian, Scarlett, Carter

During the Gym groups this week the children began with basic stretches, and directions for moving in the same direction (as to prevent bumping into each other while running and jumping) We listened to a variety of sounds that we had to either walk, jump, gallop, or tip-toe to. We danced with rainbow ribbons and jumped over the rainbow! The pre-K children listened to Tooty-Ta a step by step silly movement

song. It was a fun week in gym class!

The train friends found their partners, shared a big shirt and danced around together as part of their “being a friend” lessons  
 Brayden & Brian exploring magnets together.

The kitchen is a great place to make a friend some lunch, look at the menu, and have conversations together!

Pre-K group played a few listening games while learning about the sense of hearing. A CD of household sounds had them excited to name the common sounds around home, such as a doorbell, hair dryer, vacuum cleaner. The animal sound CD was the other sounds we had to guess.

Our Bible lesson was God hears us- We are building on that God made us, God loves us and God is all around us. We learned that we can talk to God about anything, God hears us! Looking through family pictures is a great at home activity to reinforce that we are special, and every family is unique.
