Our March theme was classic stories. We read a variety of fairy tales with multiple versions of each story. The children loved comparing the differences and laughing at the silly outrageous parts in each story. We incorporated wind blowing science activities, trying to blow over straw, stick and brick houses. We compared small, medium and big using a variety of pom-poms and containers, practiced scissor skills by cutting out small medium and big pictures. We talked about helping and being a kind friend after reading "The little red hen". We practiced sewing buttons after reading the "Corduroy bear" story.

Week of the Young Child April 10- 16.

We will kick off the week having fun with music, cooking, a parade, and art!

As part of our partnership with The Children's School; on Monday April 11th a group of educators from China will spend the day with us. They will observe and interact in our classroom routine giving them the opportunity to be involved with another preschool. We will enjoy lunch together before heading back to Oakland.
