Dress in layers

The temperature in the classrooms changes through out the morning. It is always best to dress your child in layers so that he/she can adjust clothing to stay comfortable. A t-shirt under a sweat-shirt or long sleeve shirt is always the best option.

Easter Seals 2015/16 Preschool Speech, Language & Hearing Screening Program November 10th

For only the cost of a co-pay, you can enhance your preschooler's opportunity to make the most of their crucial early learning years by scheduling a speech, language and hearing screening .

**Easter Seals will be at our school on November 10th.
Cost \$20 checks payable to CHCP**

It is well-established that early identification and treatment of speech and language problems positively impacts literacy development and reduces length of time in speech therapy by years.

Easter Seals' program is specialized and more comprehensive than pediatrician-based programs:

Master's level, credentialed, speech-language pathologists provide the service using the most current evidence-based practices. Children are seen individually, not observed in a group setting. Procedures are standardized and cover a wide range of skills: middle ear health, hearing sounds, following directions, vocabulary development speech sound production & more.

Each child receives individualized written results and recommendations

During the month of October we will be learning about the changing leaves, squirrels, owls & pumpkins.

Halloween Fun October 28th

On Wednesday Oct 28th we will have special Halloween activities. Have your child wear a Halloween shirt or a shirt that is black, orange or purple. We will make special cookie treats, count bats play some pumpkin games and listen to a couple stories.

WE DO NOT NEED ANY TREATS OR CANDY. THANKS ANYWAY.
